News of the Morning. Our dispatches this morning are full, varied and nteresting. We have a report of the brutal prize fight between Heenan and Morissey, in which the atter ruffian was victorious. The cholera is prevailing with terrible fatality

deaths in the city of Mecca. From New Orleans, we have intelligence of the abatement of the yellow fever. This is most gratifving news.

The Railroad Meeting.

The meeting at the Mozart Hall last night to hear might have been expected for so authoritative a mmoning of the people together. Our city, fathers in solemn council assembled, did pass a resoluion, requesting Gov. Helm to make a speech to the eople in behalf of his Memphis branch. The Governor's organ did announce the fact, and heralded the meeting in due form yesterday morning; but the people who came to hear were few and far beween. The hall in which they assembled was rathr an aristocartic place for a railroad meeting, but that hall was in no danger from the numbers present. If the Memphis branch men don't build any more miles of railroad between here and Memphis in the length of time that the main stem has been on hand, than there were people to hear get to Memphis by railroad. There were hardly rough people there for presidents and directors the enterprises Louisville now has on hand, to ay nothing of the new one advised by the Gov-

Gov. Helm, however, did not shape his speech ccording to the size of his audience. It was a uge speech to a few people. We are sorry that verybody in Louisville did not hear it, for if it had been generally heard his Memphis branch rould certainly have received a death blow for he present. His speech would be the best argument that could be used to induce the people to rote against the appropriation of \$300,000 to his articular Memphis branch at this particular time, and to convince them that two or three years ence will be time enough for whatever appropriation they chose to make for a railroad connecion with Memphis.

The late hour at which the Governor closed his speech forbids us, however, from comments at this time. We shall refer to his speech hereafter; and in a spirit worthy of the subject and the disinguished official who spoke, lay before our readers divers reasons for dissenting from his premises and conclusions, his facts and fancies, his assertions and influences .must confess at the same time that the Governor does much better at speaking than writing. If he had taken the stump-or rather the hall-in the first place, instead of attempting the pen, he would not have done the nain stem of his road so much harm, for so many would not have known his views, judging from the audience of last night. Indeed, if he had made he same proposition last night that he made to is Hardin county hearers on a similar occasion, nd promised to pay the taxes on the \$300,000 abscription, if the people would just vote it, we hould have thought his speech one of the best we ver heard. But as this promise was not made, he speech is open to objections, which we shall

Yater, were con-MILENEOTYPES, &c., &c., victed of vagrancy. According to the statute law, lese parties will be sold into slavery for of twelve months, to the highest bidder.

The readers of our police reports will recognize the names of these persons as old habitues of the ives of degredation and prostitution. All efforts to reform them by either punishment or moral suasion, have proven unavailing. They have beome outcasts from society, and recently have been living a gipsey life in the woods near the city, sallying out when driven by hunger, comitting petty larcenies. Whoever purchases the worthless creatures, will procure a hard bargain.

THE NATIONAL BLUES .- This new military comany appeared in full dress uniform for the first ne yesterday. Under the command of Capt. Hawley, who has seen nineteen years service in the regular army, the young gentlemen composing his corps have attained unusual proficiency in soldierly duties. The Captain is gallantly assisted by his experienced Lieutenants Melbourne, Hooe, and Symmes. The uniform of the Blues is exceedingly taste

ul, and their bearing under arms is that of tried

and true soldiers. We wish the new company a continued augmentation of numbers, and trust that when their country calls they will be found oremost in the ranks of her defenders. A GOOD PEACH CROP IN OHIO .- The Brothers Loughry, from Adams co., say that their peach crop the present season amounted to thirty-six undred bushels! which brought them in the Cincinnati market an average of three dollars per the names until we have an opportunity to invesbushel, or an aggregate of over \$10,000. Application was made by the President and Di rectors to the County Court on Monday last, and the order authorizing the vote rescinded. The indications of popular feeling have been decidedly adverse to the tax proposition; but we are gratified to learn that there is every probatically adverse to the tax proposition; but we are wining tucky in 1859.

The Canton Yeoman, one of the staunchest, traightest, and most reliable Democratic weekies in our State, published on the 8th inst. a comnunication, suggesting A. S. Dabney, Esq., for State Auditor. Mr. Dabney is one of the very best Democrats in our State. Talented, industrious, energetic, and thoroughly trustworthy, he is a gentleman against whom as little can be said as any man in the State. the lovely grounds of the association. This will be the great day of the week. In addition to the display of fine horses, Gov. Willard will deliver the address at 12 o'clock.

THEATER.—The double attraction of Miss Denin and Miss Dora Shaw drew a very large audience n the Louisville Theater last night. The play o amille was well cast and played. Miss Denin's Armand was unusually good, while Miss Shaw's Camille was rendered with much feeling. The latter also appears to-night as Julia, in the Hunchback. The capital romantic spectacle, the Forty Thieves, concludes the bill.

THE McMullen TRIAL CONCLUDED .- The trial the Governor speak, the present generation wont of James McMullen, for killing George Keller, was concluded yesterday, the jury finding him guilty of manslaughter. On Wednesday night last, a man past the middle age of life, in company with a little girl about thirteen or fourteen years of age, came to this city on the Paris stage, and stopped at the Lee House. The next day they were out in the city some hours, and when they returned he claimed that they were married, but it was earnestly denied by the young lady, who gave the foll owing account of the elopement, which really looks more like an abduction than anything else:

#### Reading Matter on every page. The Prospect for 1860.

The Black Republican, the Know Nothing, and the renegade Democratic press of the whole country, is jubilant over the result of the recent elections. Each faction claims the victory that the combination has won. The coalition, as a body, cannot claim a triumph unless they are designated as opposition to the National Democracy. A better name than the opposition, would be the FREE NIGGER PARTY.

This free nigger party, in their jubilations, forget that when, in 1854, the question of indorsing the Kansas-Nebraska bill was submitted to the people of the North, they voted wilder than they have on the question of admitting Kansas into the Union as a slave State. Previous to this vote, the Democracy of Pennsylvania were represented in Congress by 16 members, of Ohio by 12, and of Indiana by 10. The vote on the Kansas-Nebraska act reduced the Democrats from Pennsylvania to 5, and those from Ohio and Indiana to none. The result was nearly the same in New York and other Northern States. This defeat was only two years previous to the

great victory of the Democracy for the Presidency in 1856. At this time the Kansas-Nebraska act was indorsed by the people of the Union, and the States which were most overwhelmingly against it in 1854, went strongest for it in 1856 This result might teach the free nigger party a lesson now, if they were capable of learning from experience and reasoning from analogy. The same time is to elapse before the Presidential race in 1860 that passed between the defeat of 1854 and the victory of 1856. These two years may work the same changes for 1860 that were wrought by the same period for 1856.

Indeed, the prospect for a Democratic President is much better for 1860 than it was for 1856. It the recent elections are scrutinized without re. gard to the jubilant howls of the free nigger party, it will be found that they indicate the desired result in 1860.

Eleven States have now elected members to the next Congress. These eleven States in 1856 polled 738,453 votes for Buchanan; 595,586 for Fremont, and 239,386 for Fillmore, independent of South Carolina. These several votes stood as

to compare them with the returns from the recent elections in these eleven States as they come inand to judge for themselves what they indicate .-So far as official or reliable returns have come in, they are not so discouraging to the Democracy as the free nigger party would have us believe. Indiana, for instance, in 1856 gave Buchanan a

majority over the combined vote of Fremont and Fillmore. She has gone for the Democracy, against all opposition, by a larger vote at the recent election. She will therefore do to rely upon

more than she did Buchanan. At the recent election, the free nigger party did not carry the State by half this majority against the national Democracy. If we have gained 22,000 in Ohio in the ast two years, we may therefore hope to gain as many in the next two, and this will give us the State, over all opposition, in 1860. In 1856, Fremont and Fillmore carried Califor-

There are enough honest Democrats who have been duped by unscrupulous leaders to make the Democratic armies invincible in Pennsylvania. They will soon see the error of the recent vote they have cast-an error which has put the free nigger party into power, and they will make haste to get right again. The recent movements of the Abolitionists, Black Republicans, Free Soilers, Know Nothings, etc., etc., who make up the free nigger party, in dicate how much they love power and how little they are guided by principls. The idea of such antagonistic factions fusing can only be accounted for upon the plunder and spoils principle. A Southern Know Nothing is willing to co operate with a Northern Black Republican for the sake of power, and so of the renegade Democrats and the Abolitionists. Of course there would be war among the factions if the coalition could ever be successful. We do not think, however, that the country will let these odds and ends get into power. Their mad career will be checked by those upon whom they rely for support, long before the evil day of their controlling the destinies of this

His nomination for that office by the approaching Democratic State convention, would be highly acceptable to the Democracy of northern Kentucky, with whom he is deservedly a favorite. It would be a fit and deserved tribute from the Democracy of Kentucky to Captain Simms for the devotion, zeal, and ability with which he has acted in sustaining the Democratic cause in Kentucky in the hour of need, and establishing its permanent ascendancy in the State. It would, also, be a strong nomination, as regards the worth, influence, and efficiency of the

and the Union itself. Throwing his whole soul
into the Democratic cause, he has battled for its

A citizen of Bourbon county, which honored him when a Whig with a seat in the lower house of our State Legislature, he has gallantly met the foe in that stronghold of Know Nothingism—has tearlessly bearded the lion in his den, and has enjoyed the proud satisfaction of seeing the formidable Know Nothing majority of his native county reduced to less than one half of its former strength—of seeing it "grow small by degrees, and beautifully less."

These gallant and distinguished services to the Democratic cause have justly given to Capt. Simms a high place in the regard and affection of the Democracy of Kentucky, from whom his nomination for the Lieutenant Governorship would receive an enthusiastic response. An able debater, and a gentleman of excellent practical sense, and gallant and courteous demeanor, the Democratic gallant and courteous demeanor, the Democrati-banner would be borne by him, in the approach ing State contest, with equal ability and success.

Apart from his eminent services to the Democratic cause, Captain Simms also deserves well of his country and State for his noble and gal-

Though then a Whig, but differing from Tom Corwin, who expressed the impious wish that the Mexicans might "welcome" our brave troops "with bloody hands to hospitable graves," he raised a company of volunteers in "Old Bourbon," and elected its captain, was ched at its head to the City of Maxica Laboratory. marched at its head to the City of Mexico, to sustain the honor of his country's flag, in the capital of the Aztecs. He gave a touching proof of the nobility and gene of his nature in bringing back from Mexico at his own expense, every soldier of his company, who died there, that their bones might rest beneath the green sod and friendly skies of their native State, expending, in this and other sacrifices for the soldiers under his command, the greater part of his nationary. of his patrimony. Superintendent Public Instruction-W. W. Harney. BOURBON COUNTY, Oct. 18.\* Editors Louisville Courier:-W. W. Harney, of your city, son of the veteran editor of the Democrat, has been favorably mentioned by several of

the leading public journals of the State as a suitable candidate for Superintendent of Public In-The character and qualifications of Mr. Harney for the place commend him to the especial consideration of the Democracy of the State. The

office with which his name has been connected is one of the highest importance to the good people of this commonwealth. The success of our free school system greatly lepends upon the Superintendent, and hence to hat extent he will exercise an influence, powerful either for good or evil, not only upon the present but future destiny of our country. The greatest caution should, therefore, be observed by the Democracy of Kentucky in selecting a candidate for this high and important position. He should not only be a ripe scholar, but should possess energy and purity of character, with an intellect

og and cultivated, and a moral organization Such is the character of W. W. Harney. No man in Kentucky possesses more of the ele-ments of character necessary to an efficient and able administration of our free school apartment ic Instruction, the Democracy in this section of the State will feel that no better choice could have been made. We are for him in this region.

#### [From the Canton (Ky.) Yeoman.] Auditor-Maj. A. S. Dabney.

HOPKINSVILLE, Ky., Oct. 5, '58.

Editor Yeoman: At the next general election, the people of Kentucky will be called upon to elect some person to fill the office of auditor. The present incumbent, Thos. S. Page, has already announced himself a candidate, and is evidently solicitous to get the "inside track," by entering the course in advance of all others. But he was the course in advance of all others. But he w In 1856, as will be seen by the table above given, Ohio gave Fremont and Fillmore 44,748 votes on the permitted to walk over the track by him self and win the prize uncontested, nor, indeed, will be be able, even by the aid of "whip and" spur," to win the race. Nor can he, by striking his colors and crying "no party," wheedle the people into the belief that he has abated one jot or tittle, of his devotion to Know Nothing pri or tittle, of his devotion to Know Nothing principles. But even admitting that he had done so, and that he was now at the "half way house," between K. N.ism and Democracy, it would only argue that Mr. Page was totally indifferent as to the great issue between the North and the South, and that is a more damning sin than downright opposition. "He that is not for us is against us," is an axiom of political as well as moral ethics, and is at once decisive of the position of Mr. Page, and locates and identifies him with a party (whatever locates and identifies him with a party (whatever its name) opposed to Democratic principles and measures, and of course he cannot and will not receive the vote of any true Democrat. And while we repudiate the idea of mere political qualification, and discard the principle that "to the victors belong the spoils," yet we think it alike politic and expedient, other things being equal, to discriminate in favor of our own men.—
There are many Democrats, scattered over the State who are emprestly expelled to fill the efficient. State who are eminently qualified to fill the office of Auditor, and prominent among that number is Maj. A. S. Dabney, of the county of Trigg.

The duties of the office are arduous, varied and complex, requiring great industry and versatility of talent. The Auditor ought to be a good clerk, and an excellent accounts to be a good clerk. and an excellent accountant, a mai before the people, and they will rally around is standard. MANY CITIZENS.

A correspondent of the Springfield Republican says that a natural daughter of Aaron Burr, and his residuary legatee, comes curiously into possession of quite a fortune, in this way: Burr held a lease from Trinity church of the Riehmond Hill property, three or four hundred lots in the centre of New York, for 66 years. He re-leased the land for 63 years to Astor and others, and their lease expires in 1860. The lease for three very great. Already some of the lessees compromised the claim for from \$1,500 to per lot.

MUSSELMAN & SON. AGUE AND FEVER, OR CHILLS AND FEVER,

SMITH'S TONIC SIRUP

Tant it uniform in quality.

Its Diaphoretic and Alterative properties, combined with its great Tonic qualities, render it eminently superior to Quinine, and other remedies, as a general and popular remedy in all cases where a Tonic is required and proper to Quinne, and other remedies, as a general and popular remode to be administered.

It does not produce Headache, Giddiness, Buxing of the Ears, or any of the unpleasant effects which so frequently attend the use of Quinine, or other remedies, but may be given in all cases, and under all circumstances whatever, to Females, Infants, and all persons who are debilitated, or have the most delicate constitutions, without the least apprehension of any injurious or even unpleasant effects.

Practitioners of medicine who have not prescribed it, and afflicted persons who have not used it, are respectfully invited to give it but a fair trial, and they will then be convinced of its great superiority over other remedies and that it possesses all the virtues claimed for it.

It is not only perfectly safe and innocent in its effect, but in no case whatever has it been known to fail in curing Chills and Fever, or Ague and Fever, whether of short or long standing, if the directions were strictly followed and carried out.

Chills and Fever, or Ague and Fever, whether of short or long standing, if the directions were strictly followed and carried out.

This medicine has become a staple remedy, and for years has been extensively used throughout the States of Kentucky, Tennessee, Alabama, Mississippi, Louisiana, Texas, Arkansas, Missouri, Illinois, Iowa, Wisconsin, Ohio, Indiana, Nebraska, Pennesylvania, Michigan, and California, and more lately in Kansas Territory, and has permanently cured near 2,000,000 of cases in all its varied forms and conditions, many of which were from one to three years standina, and thad resisted all the usual remedies known in the country, and in no case did it fail to make a perfect and permanent cure where the directions were properly followed. Such is its invariable success that it has gained the confidence, favor, and patronage of a large number of respectable practitioners of medicine throughout the country, who prescribe and administer it in preference to Quinine and other remedies.

Persons living in districts of country subject to Chilis and Fever, Age and Fever, or Billious Fever, would do well to keep a constant supply of this invaluable remedy always on hand.

The proprietor has in his possession a large number of certificates and other testimonials from persons who have used this medicine, as well as from Physicians, Druggists, Apothecaries, and other dealers in medicine, attesting its superior virtues as a curative in Chills and Fever, or Ague and Fever; and he could obtain many thousands more, or enough to fill a large volume, but does not deem it necessary, as it is already extensively and favorably known to the public generally.

are new Pianos in this market, but they are well known in many sections of the country as an A No. 1 instrument. Competent judges who have tried them pronounce them fully equal, if not superior, to the Steinway & Son's Pianos. They are a beautiful, highly finished instrument, and we can sell them at three-fourths the price of a Chickering Piano, as we do not have to pay anything for their name or reputation. We still keep a full supply of the New and Improved Scale of Chickering & Son's Grand, Parlor Grand, and Square Pianos, and as we are Cash Dealers in them, we can sell them unsually low for cash. We have also several other makes of Pianos, all of which we warrant to give perfect satisfaction. THE CELEBRATED HOLLAND REMEDY FOR DYSPEPSIA

Such as Indigestion, Acidity of the Stomach, Colleky Pains, Heartburn, Loss of Appetite, Despondency, Cos-tiveness, Blind and Bieeding Piles. In all Nervous, Rheumatic, and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected decided cure.

This is a purely vegetable compound, prepared of scrictly scientific principles after the manner of the c brated Holland Professor, Borhave. Because of great success in most of the European States, its in duction into the United States was intended more cally for those of control of the professor. duction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a greatful aromatic cordial, possessed of singular remedial properties. THE undersigned would respectfully inform the citizens of Louisville and surrounding country, that
he is prepared to do all kinds of work in his line with
dispatch, and in a manner that cannot be surpassed by

The Ervez at this point had risen, last evening about two inches. There is a prospect for a still greater rise, but not sufficient to allow a resumption of navigation by the larger class of steamers. There were but two arrivals yesterday, the Wenona, from St. Louis, and the mail boat.

The Time was the only departure, yesterday, for below. She went out with a good freight for the Tennessee river.

FOR OWENSBORO .- The Eolian is the regular packet to-day for Owensboro, leaving at noon.— She is in charge of Captain Logan, a clever and

FOR NEW CRLEANS .- Passengers taking the trains to-day or to-morrow morning, will reach Cairo in time to connect with the superb steamer H. D. Newcomb. The Newcomb is an out and out Louisville boat, with Capt. McGill on the deck and Henry Landrum at the desk.

GREEN RIVER .- The merchants and steamboatmen of Evansville, have prepared a petition to the Board of Internal Improvement of this State, with reference to the condition of Green river.— "That the unvigation of that river has been ser

ously obstructed for near three months, and that there has been a total suspension of its navigation for near two months past, which interruption of navigation it is generally believed by those ac-quainted with your slack-water system on that river, could not exist for such alength of time un-der judicious management of those having imme-diate charge of work—that this obstruction, in with other miner complaints of mis connection with other minor complaints of mis-management of these works is shaking confidence in the present and future value of that great pub-lic improvement, and doing great damage to those ottzens of Kentucky relying on it as an outlet for their produce and a medium of communication with the world and to your petitioners whose in terests are more or less involved "

FRIDAY PACKET .- The Hazel Dell is the regular Friday packet for Owensboro, and other points along the Ohio. She is in command of the vete-ran Capt. Hollcroft, which is a sufficient guarantee for the safety of her passengers. KNOCK Down .- Two steamboat runners were

engaged in a difficulty yesterday, one of them being knocked down and severely stunned. SUNK .- The Jacob Poe recently laid up at Cere do during low water, having undertaken to run on a log near Ceredo, made a hole in her hull. The Poe shipped 30 inches. Her pumps were imme diately set to work, the hole stopped, and the boar was raised. She was then run to Guyan and again laid up, being unable to reach Parkersburg. Mr. Drum, one of the clerks of the Gladi tor, died at the St. Louis quarantine on Tuesday of yellow fever.

RECEIPTS BY THE RIVER

A Moral Bankruptey. The New York correspondent of the Boston Journal writes:

It seems as if official corruption and fraud were holding a jubilec in this city. The open and shameless manner that the public treasury is robbed exceeds all former years. Millions of dollars are thus squandered and stolen, and no one is brought to an account. These robbs are thus squandered and stolen, and no one is brought to an account. The meeting was very large and enthusiastic. lection of taxes have made the ted to his own account. What is true in this department is also true of corporations. One of the insurance companies of this city, that has stood high, went by the board yesterday. Its capital was \$800,000, all paid in professedly. It was represented as one of the safest and most reliable in the city. A friend of mine one month ago wanted to make an investment. Stockholders. The concern was insolvent. The Comptroller of the State was present and out of all the assets, good and doubtful, only \$70,000 could be found. To the stockholders the loss is complete. pleto. Such events are of daily occurrence. It is difficult to tell what is safe and whom to trust.—
Commercial integrity and business honor seems to be a thing of the past. It cannot be denied that the late commercial crisis has seemed to sweep away much besides fortunes. The bounds between right and wrong have been broken down. And men who have scorned to repudiate a debt or appropriate what is not their own, seem now egardless of public sentiment or private bonor.

DEEP SNOW.—On Thursday night last, there was a heavy fall of snow in Richland and adjoining towns in Ashtabula county, Ohio. A gentleman, who resides in Richland, informs us that the snow was nine inches in depth early on Friday morning. He says the storm on the night previous was very severe, and snow seemed to fall in "chunks." By nine o'clock on Friday, the sun had melted it away, making a flood of water.
